

I

I do not do, what is right for me but for generations to come
I don't stay brave and go to a school with haters, not because of me but it's
because if I don't they will gain the hand and use it forever
I don't sit there because I want a seat on the bus but it's because I want the
rights on the bus
I don't play on the field and ignore those people shouting because I want to play
but because I want others like me to play
I don't talk to large crowds because I want freedom I talk because I want
freedom for all
We don't sit there and let it happen but we stand up and act
And so will you!
